Quick start

1. Click the button above and sign in to Google (free account works). Click **“Make a copy”** – the copy is yours.
2. On **Setup** choose your currency and check the fees (Etsy fees are pre-filled – change them for your shop or country).
3. Add your **Products**: price, materials, packaging, shipping and minutes of work – see profit, margin and the price you need.
4. Log orders on **Sales** – the **Dashboard** shows revenue, fees and profit by month.

Good to know

> Yellow cells are for typing – everything else calculates itself. The first rows contain an example you can overwrite.

> Prefer Excel? In your copy use **File → Download → Microsoft Excel (.xlsx)**.

> On your phone, open it in the free Google Sheets app.
