## Quick start

1. Click the button above and sign in to Google (free account works). Click **“Make a copy”** – the copy is yours.
2. On **Setup** choose kg or lb and your start date.
3. Build your training days on **Program** (edit the **Exercises** list any time).
4. Log every set on **Log** – **Progress** shows your next target weight for every lift.

## Good to know

> Yellow cells are for typing – everything else calculates itself. The first rows contain an example you can overwrite.

> Prefer Excel? In your copy use **File** → **Download** → **Microsoft Excel (.xlsx)**.

> On your phone, open it in the free Google Sheets app.
